

# WORMLEY'S HAPPY DAYS RESORT

[www.wormleyshappydays](http://www.wormleyshappydays)

*January 11, 2010*

*Dear Resort Friends,*

*We once again are looking out at the wonderful Island and right now we could walk over to it as the lake is frozen for the winter, but it is farther than you think and the snow is really deep. As we enter our 16<sup>th</sup> season and the 82<sup>nd</sup> for the resort our entire family is eagerly awaiting the upcoming summer of 2010.*

*Walleyes were consistent all season in 2009 and our lakes did not disappoint with the other species, as they have been productive each of our 16 years here at Happy Days. Everyone is always asking about the lake levels and this year they are at or above normal water levels going into winter, so all is well.*

*We have named the Don Francis Family as our cleanest cabin winners...they will receive \$50 off their weeks stay this coming season.*

*Times are tough right now for almost everyone and who knows what will happen with our economy. We make improvements each and every year and we will again this season. This fall we replaced our well by the lodge and it has greatly improved the water to the cabins it supplied and the washhouse. We plan on continuing upgrading our full beds to Queen size, this plan will have at least one queen in each cabin when completed. We have project ideas for our paths, playground, fire pits and some potential improvements to #7. Our work on the beach last year was rewarding and we will work to add to the beach area once again this season. Guests who fish Middle Crooked will see some improvements made to the middle crooked dock.*

*During our years here at Happy Days we have met and grown to know all of you our guests and friends. As in life and our own families we lose family members and friends as they pass away. This past year we lost Roy Matheson who along with his extended family have been a big part of our Happy Days Family ever since Dan, Brandy( have a speedy recovery Brandy) and I spent those three stormy nights together. Leonard Witschen also passed away this past year and his love and desire to come to the lake will be greatly missed by his family and friends. But I do know that those same family members and friends will continue to reap the rewards of time at the lake that Leonard enjoyed. Stuart "Olie" Evenson passed away this year as well. Olie had been with Heidi and I the entire time we have been here..and I do believe that Olie and Lena (Dorothy who preceded Stuart in passing)were here for all of Alex and Deloras Demars ownership (15 years) as well and most likely more. Olie brought his yellow boat to West Crooked every year and even when he couldn't bring it himself he*

made sure that his family and that boat and motor were still here plying the West Crooked waters each year. It is likely that we have missed someone, in that case we apologize. A lot of families also are dealing with health issues and we wish you the best.

As we have in the past we will offer these specials:

- 1) **\$50 off of your cabin price if a new cabin booking 3 or more nights uses your name as a reference.**
