January 23, 2009

Dear Resort Friends,

We are looking out at the island and the lake is frozen with 24 inches of ice and 24 inches of snow on top of that. This is going to be our 15th season and the resorts 81st, time is still flying by, as it does when you are having fun doing what you love. Our family is healthy and eagerly awaiting the next resort season when Happy Days will once again come out of its winter slumber and thrive with families making memories that will last a lifetime.

This past summer was a good one for fishing with nice fish caught all season long, our water levels did drop close to an all time low level but we have begun to recover nicely with good rainfall this fall and winter is doing its part so far. I fully anticipate that we will be at normal levels by this spring.

Our deer hunters once again had what I would call an average season . Our neighbors reported seeing a cougar once again, Heidi and Thomas have twice seen a fisher along the side of the road running into the woods. I have re- entered the coaching ranks as I have taken on the role of Junior High Girls basketball coach which Samantha is a member of the 6/7th team.

This past season our cleaning supervisors Heidi and Myron identified Scott and Mary Cole as our cleanest cabin winners ..they will receive \$50 off their weeks stay this coming season.

Our focus this season will be the beach area, Heidi wants two new docks for the area and this will happen because we removed the old docks from the beach area already this fall. Bed lovers we have not forgotten you as our replacement plan will progress again this year and we will be adding more queen beds. There are also plans being made for cabin #3s' bathroom as well. The Digital Television conversion is another area we will be addressing . We are currently exploring several options. One of our best changes in the past several years has been our web site which David Lohnes has built and maintained for us, Thank You!! This addition has been fantastic. When prospective customers want to know what the cabins look like inside now they can see, and we can add more of those new photos of memorable fish or moments from here at Happy Days.

As we have in the past we will offer these specials:

- 1) **\$50 off of your cabin price if a new cabin booking 3 or more nights uses your name as a reference.**
- 2) **Any new bookings from May 9th-June 6th or Aug 29th – Oct 3rd will receive \$100 off of your weeks cabin rental, or, Anyone who is already booked and listed on this newsletter for the 2009 season will receive \$250 off of a weeks rental or \$125 off of a stay of 3 nights or more during the same May 9th-June 6th or Aug 29th- Oct 3rd timeframe if you book with us a second time and keep the regular season (Listed) booking.**
